Photography On The Internet Permission Form

Explanation: We want to be sure that we do not go against parent's wishes for their children. Before we will put a child/youth's picture under the age of 18 on either the Preschool or Church's internet site, it is vital tht we have the parent's written permission. We must be certain that all are comforatble with the publicity.

It is exciting for children to find their picture in the internet. However, parents may have good reason to not want their child's photo on the internet and we will uphold your wishes. Please indicate below, your wishes on this matter.

Release Form:

The Circle of Life Co-operative Preschool and the Unitarian Universalist Congregation of Frederick **have my permission** to post pictures of my child,

_____, on their web page as a part of their religious education and UUCF community events promotion. I understand that this is solely to promote and communicate the nature and vitality of the CLC and UUCF programs.
